

March 14, 2017

Dear 7th grade Student and Parent,

In lieu of a traditional block party for the last quarter to reward positive behavior and academic success, the 7th grade team will be taking eligible students on a field trip! We will be taking students to the Adventure Science Center on May 8, 2018. We will depart from Hawkins around 8am and return to school by 2pm. The students will gain access to the variety of science and technological displays and hands on activities that the center has to offer. Additionally, the students will be able to participate in one demonstration activity as well as one Planetarium show during their visit.

The requirements for attending the field trip are listed below. Please be aware that students who do not meet the expectations will NOT be taken on the field trip. Instead they will remain at school during the duration of the field trip. The date window for the field trip requirements is March 12th through May 4th.

- No D's or F's in any class
- No Missing Work in any class
- No ISS or OSS during the 4th quarter date window
- A student may not have earned 3 or more detentions during the date window

Cost for the field trip will be \$15.00. The cost includes the entrance into the Science Center, the cost of the demonstrations and planetarium, and the bus transportation. Students will need to pay their first period teacher during the May 1 through May 4 collection period. Permission slips are due during the May 1 through May 4 collection period. There will also be an option to pay online through the Hawkins website (<https://hms.sumnerschools.org/>). **NO money/payments/permission slips will be collected or accepted after the May 4th deadline!**

Attached you will find the required forms for participation in the field trip. Please make sure that ALL blanks are filled in on both the front and back of the form. Additionally, if you would like to HELP, please fill out the attached information below and contact Ms. McIntosh now if you are interested in chaperoning!

_____ I am interested chaperoning and I understand that I will have to provide my own transportation to and from the field trip. Students must ride the bus TO and FROM the Science Center. Please email Ms. McIntosh ASAP if you would like to chaperone (Judith.mcintosh@sumnerschools.org) Chaperones will be taken on a first come, first serve basis.

_____ I have a large cooler that can be used to pack lunches for the trip. (Rolling coolers are helpful, but we can use other large ones as well!!)

Thank You!

The 7th grade team at HMS
